As a local president, I am honored to serve Association members and to advocate for strong public schools. I strive to be a voice for educators and students locally, statewide, and nationally. Serving as a delegate to the NEA convention allows me to speak up for students and educators.

I am running for MSEA delegate to the NEA. I have been a member of NEA for 19 years and have experience in all levels of advocacy at the local, state, and national. At the state level, I have attended numerous MSEA and NEA RAs. Currently, I serve as the chair of MSEA Resolutions committee.

I am a Kindergarten teacher. I want to continue to be the voice for our youngest learners and the early childhood educators that do so much to educate, care for and love our children. I want to be involved at the National level so I can support my state, district I live and work in.

As local president, it benefits CCEA/MSEA when I am a NEA Convention Delegate. I am able to familiarize myself with new business items and grasp the messages of speakers. I then transfer that knowledge to CCEA to move us forward and make us stronger! In return MSEA gains strength. I appreciate your vote. Thank you!

As a student member to the NEA, I attended several student conferences and 3 RA's. Now as a classroom teacher, I know now more than ever how important it is to be involved. Our profession, as well as our students' education is under attack, and we have to stand together and fight for public education.

I attended my first NEA RA last year in Minneapolis. I was amazed by the logistics as well as the purest demonstration of a democracy I have ever witnessed. I was proud to be a part of the remarkable work that was accomplished, and want to open my local delegate spot to other ACEA members.

I have worn many hats in all my years as an educator from school representative for WCTA, being on the WCTA Board, on the negotiating team for WCTA, been elected as a delegate to MSEA/NEA Conventions and attended numerous MSEA/NEA workshops ... and I am not finished serving. I am here to serve everyone.

Education and students are my number 1 priority. I will do all that I can to ensure that educators/students are treated fairly and with respect, that schools receive the funding they need and that educators are fairly compensated for their work. I can work for the future with MSEA.
